

## Quebec Chronicle

After a very successful week in Quebec the last day was no different, our curlers finished 4<sup>th</sup> in their division, our Nordic Skier's brought medals from the 1KM and our Snowshoer did a personal best in the 400M.

Team PEI attended the Closing Ceremonies with all other provincial & territorial teams cheered on by parents & supporters. After celebrating everyone's achievements we made our way in the big tent and danced the night away.

Following the dance we all jumped on the bus only to find out that our trip would have to make a pit stop in Moncton because of bad weather on the Island. Even though we had a blast at the hotel I do believe everyone was looking forward to tell their stories to all who stayed home in the snow!

Thank You to all parents & supporters who follow our progress during the week and throughout the year.
